

Real Numbers and the Number Line

Number Line

- Every single spot on the number line will **contain a REAL number**.
- These numbers can be rational or irrational!
- There are positive and negative numbers.

Decimals

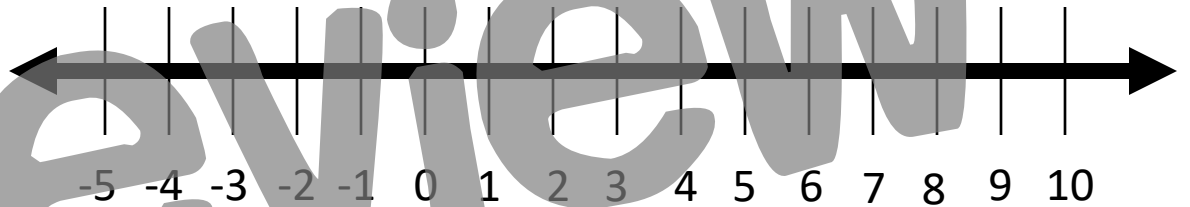

Least to greatest?

Let's Practice!

1) -4

2) $\frac{1}{5}$

3) 5.4

Least to greatest?

Name _____
Date _____

Real Numbers and the Number Line

Number Line

- Every single spot on the _____ will contain a _____ number.
- These numbers can be _____ or _____!
- There are _____ and _____ numbers.

Let's make a number line to order numbers from least to greatest!

Integers

- 0
- 5
- 100
- 18

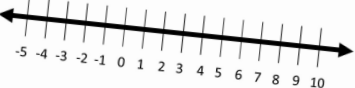

Decimals

- 1.5
- 7.2
- 6.374
- 9.9

Fractions

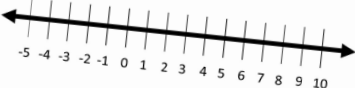

- $\frac{7}{4}$
- $\frac{3}{5}$
- $-\frac{1}{2}$

Change fractions to decimals. (Show your work here!)

Let's Practice

- 4
- $\frac{1}{5}$
- 5.4
