

What's Included?

**unit
headers**

**378 half-page
cards**

**378 full-page
cards**

**378 English-
Spanish Cards**

**editable
template**

You should have a word wall because:

They provide a permanent display of key vocabulary.

They can accompany anchor charts for multiple perspectives of the terms.

They aid in spelling.

They benefit ALL students.

Investigación científica

resultados

resultados del
experimento

analizar

examinar algo
detalladamente hasta sus
últimos componentes

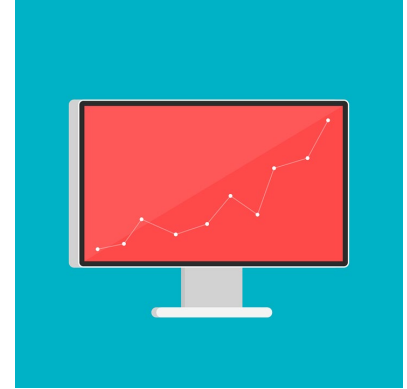

resultados

resultados del experimento

outcome of
an
experiment

results

De moléculas a organismos: estructuras y procesos

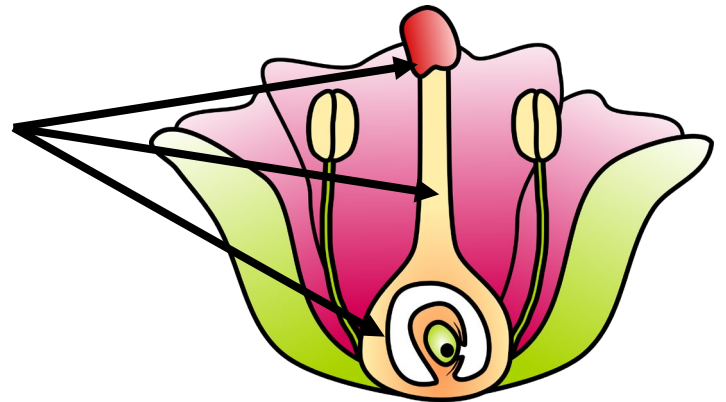

sépalo

protege el brote

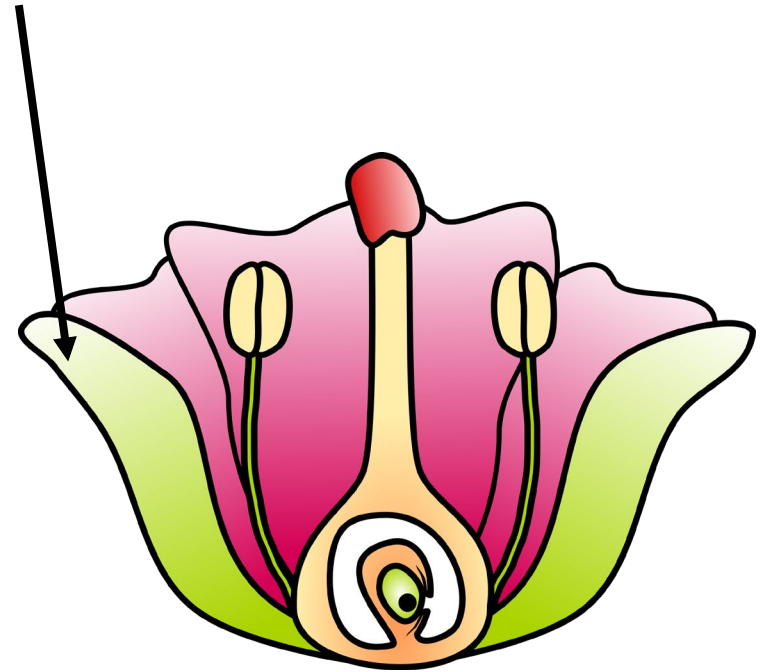

pistilo

parte femenina
de la flor

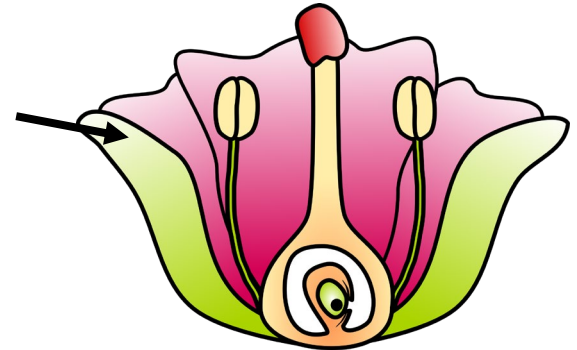

sépalo

protege
el brote

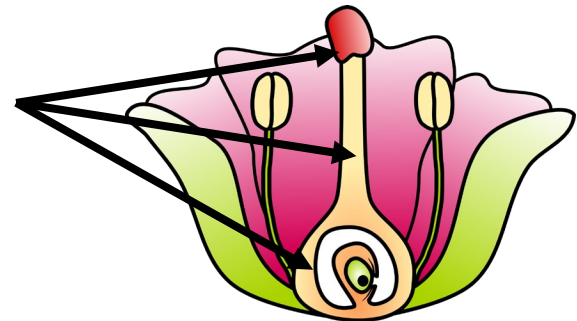

**protects
the bud**

sepal
sépaló

**female
part of
the
flower**

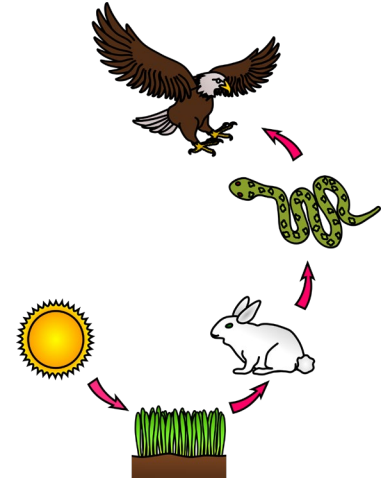

pistil
pistilo

Ecosistemas: Interacciones, Energía y Dinámica

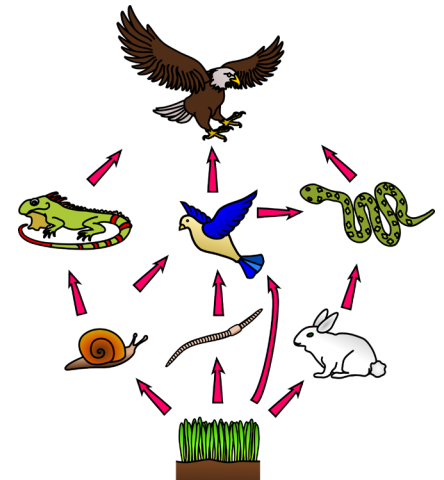

cadena alimenticia

describe el proceso de cómo los animals encuentran comida

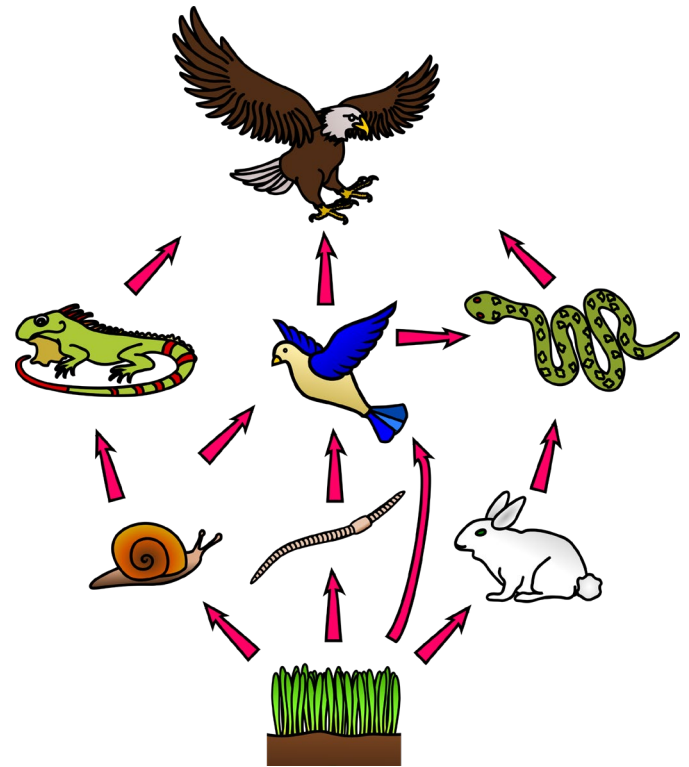

red trófica

ilustra las relaciones alimentarias

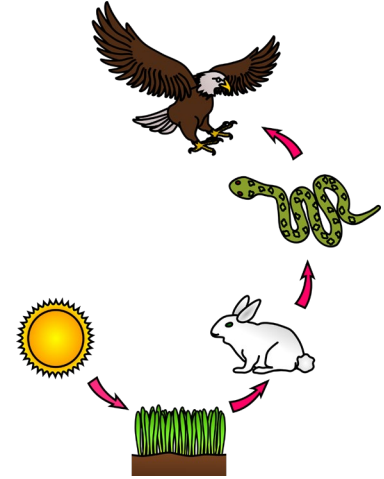

red trófica

ilustra las
relaciones
alimentarias

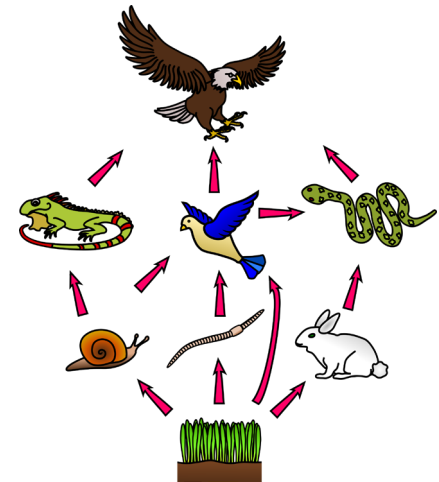

follows
one path
of how
animals
find food

El lugar de la Tierra en el universo

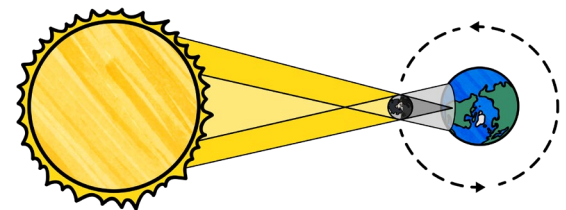

eclipse de luna

la tierra se mueve
entre el sol y la luna

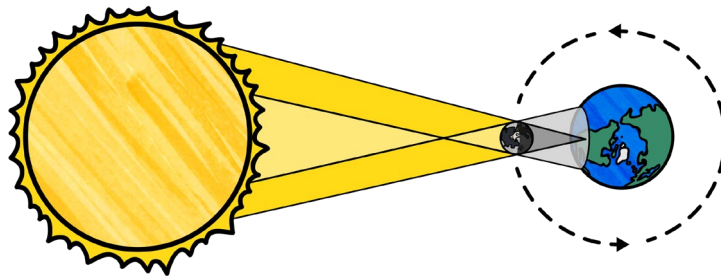

eclipse solar

la luna se mueve entre
la tierra y el sol

eclipse solar

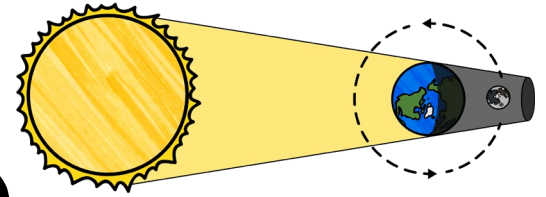

la luna se mueve
entre la tierra y el sol

Earth moves
between the
Sun and the
Moon

lunar eclipse

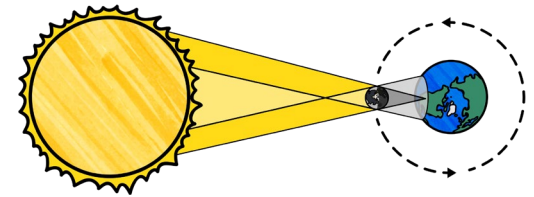

eclipse de luna

Moon moves
between the
Earth and
the Sun

solar eclipse

eclipse solar

Sistemas de la Tierra

deriva continental

movimiento gradual
de los continentes

volcán

de donde viene la lava del
magma subterráneo

deriva continental

movimiento
gradual de los
continentes

continental drift

gradual
movement of
continents

deriva
continental

where lava
comes
from
magma
underground

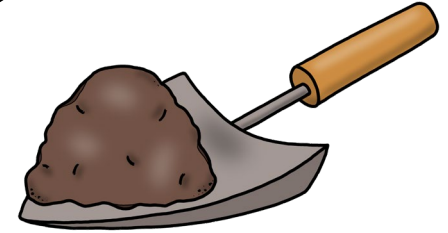

volcano
volcán

La Tierra y la Actividad Humana

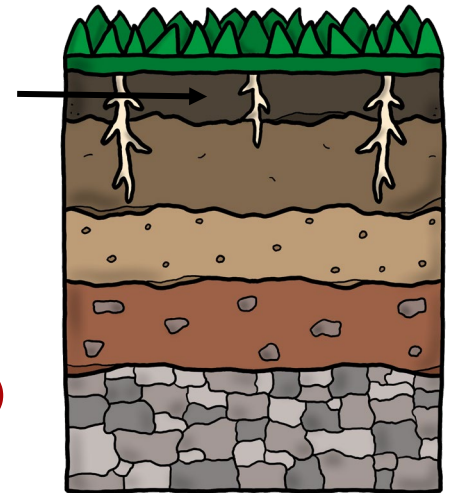

suelo franco

mezcla de arena, arcilla,
y materiales orgánicos
en descomposición

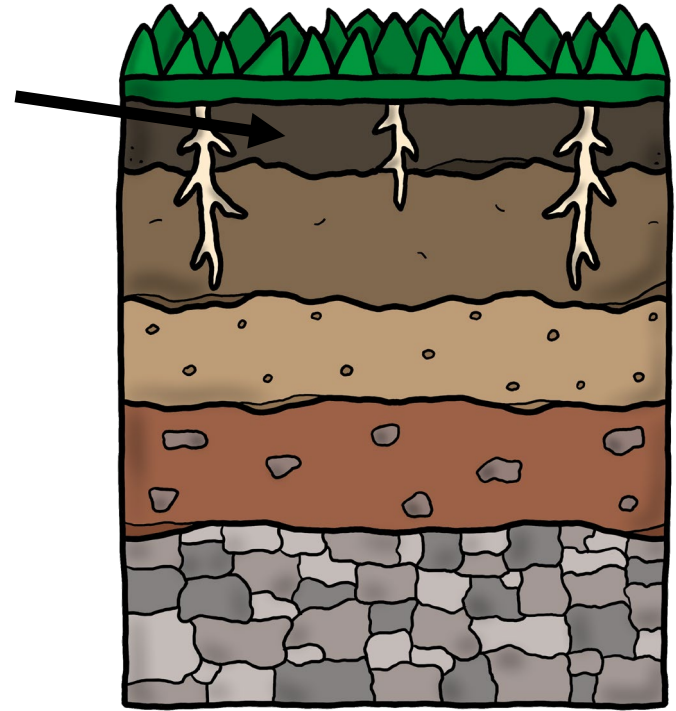

humus

material orgánico en el suelo

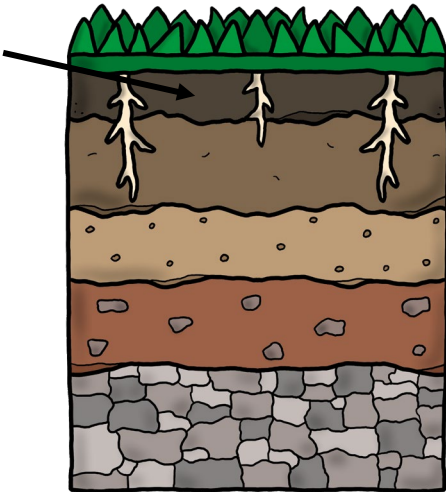

humus

material
orgánico
en el suelo

mixture of
sand, clay,
and
decaying
organic
materials

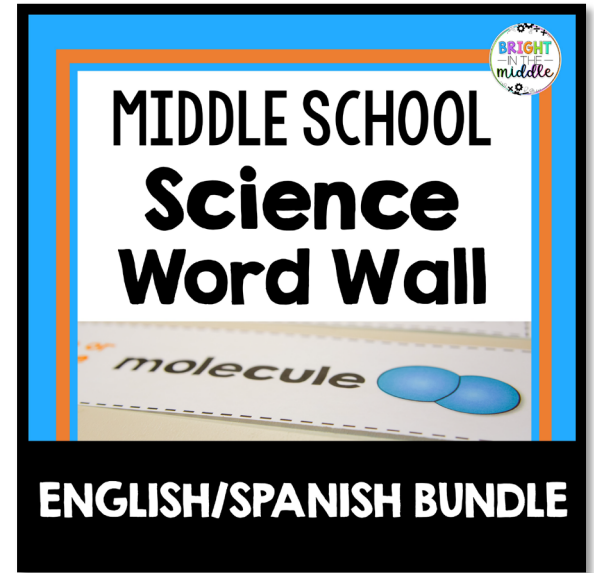

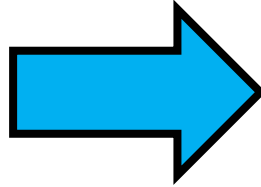

loam
suelo
franco

humus
humus

organic
material
in soil
