Let's Connect!

#1

**Build a molecule
that is made of
only one kind
of atom.**

© Bright in the Middle

#2

**Build a molecule
that has two
atoms joined
together.**

© Bright in the Middle

#3

**Build a molecule
that has three
atoms all the
same color.**

© Bright in the Middle

#4

**Build a
molecule that
has four atoms.**

© Bright in the Middle

#5

**Build a molecule
that you might
find in nature.**

© Bright in the Middle

#6

**Build a molecule
with three
different kinds
of atoms.**

© Bright in the Middle

#7

**Build a
molecule with
two different
kinds of atoms.**

© Bright in the Middle

#8

**Build a molecule
that has four
total atoms, but
only two colors.**

© Bright in the Middle

#9

**Build a molecule
that represents
something found in
the air you breathe.**

© Bright in the Middle

#10

**Build a molecule
that has more
than six atoms.**

© Bright in the Middle

#11

**Build a molecule
with exactly
five atoms.**

© Bright in the Middle

#12

**Build a
molecule that
must have a
nitrogen atom.**

© Bright in the Middle
